

Gaetano Indoor, Inc.

Monday, 1/4/21

Due to the **unchanging** executive order, regarding indoor sports, signed by Governor Murphy in October, Gaetano Indoor will be **canceling** its Winter II indoor session, for the 2021 indoor season. Under the existing executive order, indoor facilities must not exceed 25% capacity. Based on this number, Gaetano Indoor cannot allow spectators inside the facility. We at Gaetano Indoor apologize for this decision, but after exploring a few different options/plans, it was determined that the only choice was to cancel the Winter II session.

Gaetano Indoor is open for practice and training sessions however. The state's executive order does allow for players and coaches to assemble indoor for practices and training sessions, as long as the total number does not exceed the 25% capacity level. If anyone is interested in scheduling time for practice or training, please contact us, and we will send you the list of guidelines that each team must follow.

Any questions, please contact rob@gaetanoindoor.com, or frank@gaetanoindoor.com.

Thank you, Rob Gaetano – President & Co-owner at Gaetano Indoor, Inc.
